X10 Pro Omni

MopMaster with 8,000 Pa Powerful Vacuum

Forget Mopping, Go Hands-Free

100+
Obstacles Detected

Ai Smart, So It Doesn't Get Stuck

AI.See recognizes an extensive range of objects, including toys, slippers, trash cans, cables, and more, so it can clean messy rooms without getting stuck.

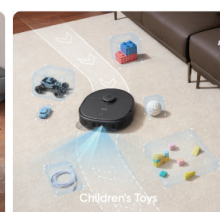

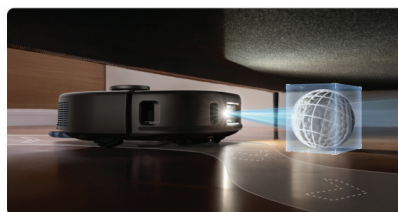

8,000 Pa Powerful Suction

Living with pets that constantly shed makes it hard to keep carpets clean. X10 Pro Omni has 8,000 Pa of powerful suction to pull every pet hair out of your carpets with ease.

Clean, Even in the Dark

The LED sensor makes sure that AI.See delivers accurate obstacle recognition and avoidance under the bed, beneath the sofa, or at night.

All-in-One Station

The Omni Station simplifies your life with hands-free cleaning and daily maintenance, all in one convenient place.

Station

3.35-Inch
Ultra-Slim Body

7,000 Pa
Powerful Suction

Mop Master™
Technology

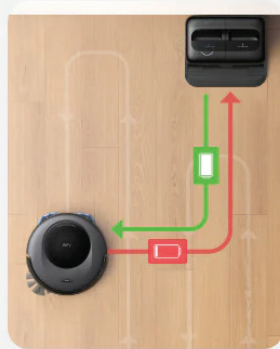

Child Safety Lock

Prevents accidental operation, ensuring safety at all times.

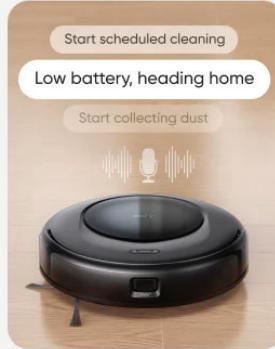

Climb Up to 0.71 Inches

Can climb over thresholds up to 0.71 inches, enabling C20 to clean across multiple surfaces and rooms.

Recharge & Resume

When the battery is low, C20 automatically returns to the station to recharge and then resumes cleaning where it left off.

Intelligent Voice Reminder

C20 keeps you informed with voice reminders about its status and any errors, so you're aware of what's happening with your robot vacuum in real-time.

1,786 ft² Massive Coverage*

Enjoy a maximum runtime of up to 2.7 hours, covering areas up to 1,786 sqft

*The data is based on testing in eufy laboratories. Actual results may vary depending on the home environment.

Smart Scales

eufy

Built with Care

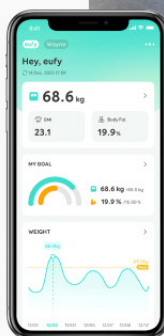

T9120K11

Smart Scale A1

Ideal for the Whole Family

Create up to 16 profiles on the app, so the whole family can use eufy A1 Smart Scale with ease.

Ideal for Compact Spaces

The smallest smart scale in eufy's lineup is ideal for compact homes. It can easily be stored in the corner of bathrooms or under furniture.

Check Your Stats in the App

Use the app to remind yourself of your fitness journey by week, month, or year. It also allows you to share your progress with family and friends.

12 Full Body Insights

Automatically Saves Insights via Bluetooth

Connects to your smartphone via Bluetooth so you can see your details instantly in the app.

T9146K15

Smart and Healthy

Smart Scale C1 is the easy way to keep track of your health journey.

Measurements Made Easy for All

Just step onto Smart Scale C1 to track 12 essential body measurements.

No Sharp Corners

The rounded-glass top plate safeguards you from bumping into pointed edges.

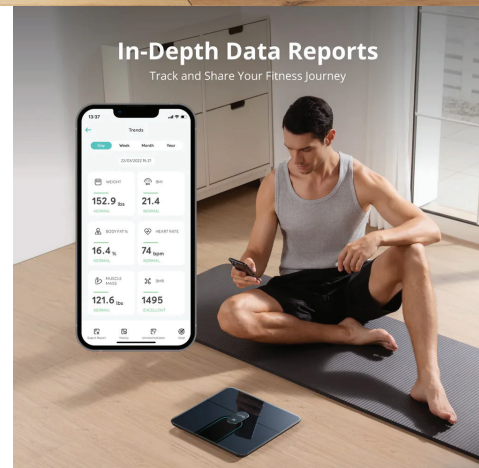

Form and Function

The anti-slip top plate and low, stable design ensure stability when you step on.

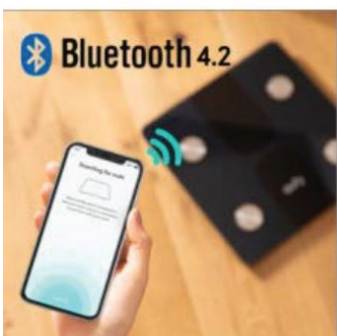

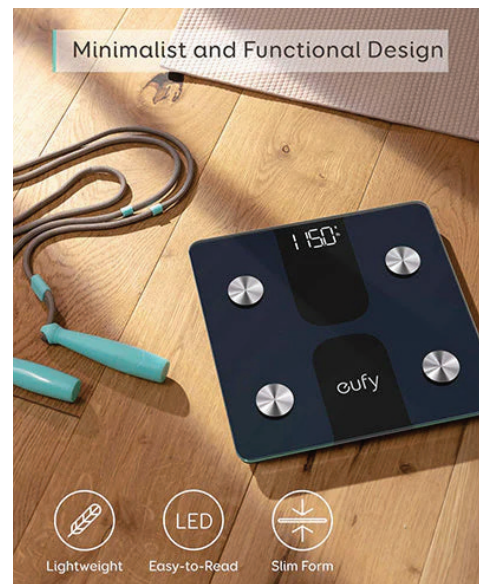

Hassle-Free Conversions

Switch from pounds to kilograms and back in one second.

Minimalist and Functional Design

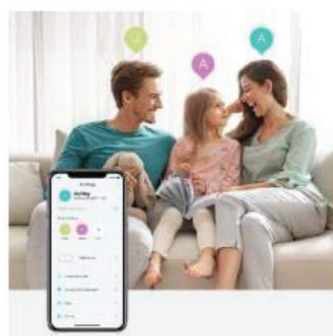

Instant Bluetooth Connection

Fast wireless data transfer means you can view your measurements in seconds.

Know Your Body

See all the historical data of your progress and health trends with ease.

Unique Users

eufy Smart Scale C1 is intelligent enough to match measurements to the correct user profile, automatically.

Privacy is Our Priority

Your privacy is something that we value as much as you do.

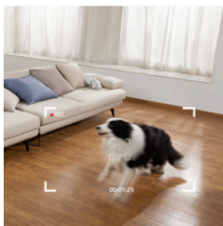

That's why we've taken every step to ensure your videos are kept in private. Stored locally. But accessible anytime, anywhere, via a secure 256-bit encrypted connection.

And this is just the start of our commitment to protect you, your family, and your privacy.

Know When You Are Needed

The built-in AI notifies** you of excessive noise levels so you know when your little one needs some attention.

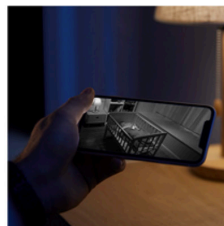

Instant Detection

As soon as motion is detected the camera will start recording and push a notification in case you want to see what is happening.

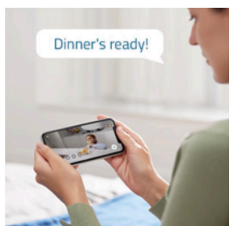

Activity Zones

Only receive the alerts** which matter. Customize the area in which detection takes place to suit your home.

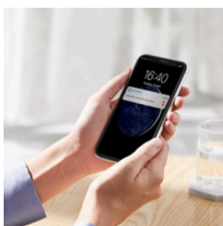

Sight at Night

Keep an eye on any room, even in low light settings.

Communicate From Your Camera

Speak in real-time to anyone who passes via the camera's built-in two-way audio.

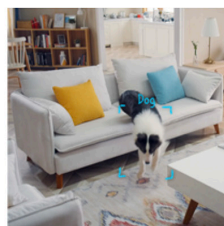

Instant Mobile Alerts**

Notifies** you in seconds when suspicious motions are detected.

Dual Storage* Options

Store your data and recordings locally or in the cloud.

Follows the Action

When motion is detected the camera automatically tracks and follows the moving object.
